RE: Application for Sustainability Management

I am writing to express my strong interest in the **Sustainability Management** position at AngloGold Ashanti. Having spent seven years in administrative management and currently completing my **Master's degree in Sustainable Development and Management Studies** at Nalanda University, India, I offer a unique blend of organizational leadership and technical sustainability expertise.

My current academic focus encompasses the critical pillars of modern Sustainable Management and sustainable business, including Environmental, Social, and Governance (ESG) frameworks, Corporate Social Responsibility (CSR), and the implementation of Sustainable Development Goals (SDGs). I am particularly skilled in Natural Resource Accounting and Business Analytics, tools I believe are essential for driving data-informed sustainability strategies.

Recent highlights of my professional development include:

Reporting & Communication: Served as a Volunteer Reporter at the India and Sustainability Standard (ISS) Conference and Centre for Responsible Business (CRB) in New Delhi (November 2025), where I analyzed complex sustainability dialogues.

Technical Policy: Participated in the EAS Knowledge Exchange Workshop on Energy Efficiency Policy (September 2025), focusing on the Lifestyle for Environment (LiFE) held at Nalanda University.

Administrative Excellence: Successfully managed administrative operations at Maswa Girls' Secondary School from 2018 through July 2025

Technical Proficiency: I bring advanced skills in Python machine language , alongside excellent proficiency in Microsoft Word, Excel, and PowerPoint

I am a fluent communicator in both English and Kiswahili, which allows me to bridge communication gaps in diverse, international environments. With my foundation in science education and my current specialization in sustainability Management , I am prepared to contribute effectively to AngloGold Ashanti's environmental and social impact goals.

Thank you for your time and consideration. I look forward to the possibility of discussing how my background and current studies can benefit your team.

Sincerely,

Seleka Mahona Kisusi
